

# Albert G. Hehr, Jr., ESQ.

*Coach/Estate and Long-term Care Issues*

## Do you have a personalized estate plan?

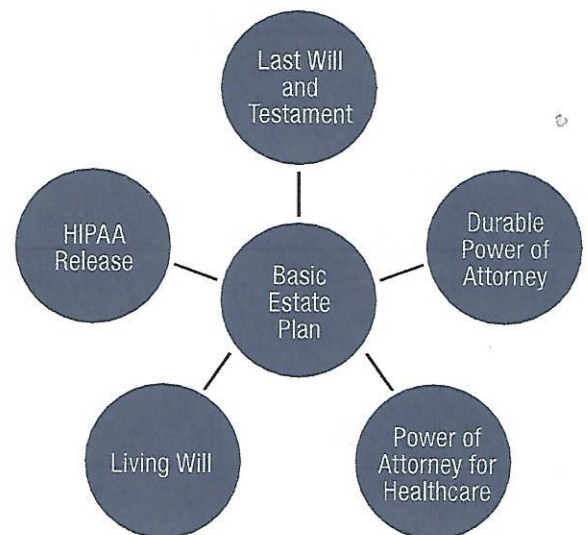

### *Adding value to all stages of life!*

- Securing your future while you're *alive*
- Ensuring quality care if you become *disabled*
- Benefiting your loved ones at the time of your *death*

### *These documents create a solid base:*

- **Will** allows you to specify what will be done with your property and names your estate executor. It can also name guardians for your minor children.
- **Living Will** contains your decisions regarding life-sustaining medical treatment and provides your healthcare power of attorney with guidelines on which to act.
- **Healthcare Power of Attorney** is the individual who will make medical treatment on your behalf when you are no longer able to do so.
- **Financial Power of Attorney** names an individual to make financial decisions on your behalf.
- **HIPAA** authorizes individual(s) access to your medical information.
